

## Leadership Academy 2018

---

### What is the EMRA Leadership Academy?

A one-year progressive self development experience:

- Twelve monthly online sessions (a one-hour call per month), each focused on a different leadership skill. Faculty will include both physicians and non-medical thought leaders.
- Unique, in-person team building events at the CORD and ACEP conferences.
- A self-driven capstone project designed to showcase and promote a local or national personal area of interest

### Leadership Academy Capstone Project

Participants will be required to complete a capstone project prior to graduation of the Academy to provide additional experience in project development and implementation. This can be a project within your EMRA Committee, a local or national publication of scholarly or research projects, local QI projects, or other educational or leadership endeavors.

Do you want to do a write up regarding the current state of health policy? Go for it!  
Have an interesting idea for a potential ultrasound event? Make it happen!

The goal is to help you build a depth of knowledge in your area of interest through positive guidance and collaboration with others in the Leadership Academy community. We hope you discover or refine your personal interests in Emergency Medicine while giving you the tools and encouragement to help develop your personal professional portfolio.

### RSVP for the EMRA Leadership Academy Kick-Off

An introduction to the Academy and an awesome team building activity will occur on **Saturday, April 21st from 8am-11:45am at the CORD Academic Assembly in San Antonio.**

This session will involve mild-to-moderate physical activity along San Antonio's beautiful Riverwalk, so dress casually and comfortably for the occasion. You will have an hour and fifteen minutes to clean up and change into professional attire before Committee leader orientation, lunch, and official EMRA photos.

### Do I Need To Register for the CORD Conference?

As a reminder, you do *not* need to pay a registration fee to attend EMRA events at CORD. If you plan to attend educational or networking sessions, you need to [register for the conference here](#) as a resident member from your program.

Check out [EMRA events at CORD 18 here](#).

### RSVP for the Kick-Off
